Sapphire takes care of your day to day accounting issues and gives you the ability to do what you know best - running your business efficiently. The real strength of Sapphire is its flexible reporting and analysis. Using Sapphire's in-built report writers or a 3rd party product, you can generate many customised reports, facilitating complex real time analysis of your business. Dynamically linking data into Microsoft Excel in real time is as easy as ABC.

At Sapphire we believe in establishing fruitful, long-term relationships where we grow with you. To us you are not just a number but a valued partner with whom Sapphire evolves.

Sapphire V6.5G is not only GST ready but also features an interactive GST conversion wizard, that will assist in converting your business to GST with minimal fuss and interruptions.

Sapphire offers full XML interface and ODBC/SQL, which means your business is on the web with minimal effort.
